

## Hotel Am Fischmarkt

### Al Fresco

You can enjoy our excellent cuisine outdoors, either in the pavement café in front of the Ratskeller restaurant and "Berka" bistro, or on the quiet garden terrace at the back of the hotel.

Let us spoil you with coffee and cake, light snacks, an evening barbeque or a special candlelit dinner.

### Our Vinothek Winebar

In carrying out careful renovation work on our heritage building we have been able to bring back to life an architectural gem. Dating back to 1644, our cross-vaulted cellar has been lovingly restored, and as the Vinothek it now houses our specially selected range of champagne, and fine wines from all over the world.

The unique atmosphere of the Vinothek offers a distinctive setting for events, and it can accommodate up to 40 guests. If you wish we can structure a party according to your own plans, or we are happy to organise themed evenings in the company of performers or sommeliers with wine tasting and perfectly matched menus. Our Vinothek wine collection is available on the menus in our Ratskeller restaurant and our "Berka" bistro, and we are delighted to accompany those diners on a treasure hunt into the cellar to assist with their selection, or to find the wines they may already have chosen.

### Seminars and Events

In our conference suite on the ground floor you are in the right place for your business meeting or company event. We will adapt the space to fit your requirements depending on the size of meeting room that will suit you.

State-of-the-art conference technology goes without saying, and our in-house catering service adds the dimension of a memorable culinary experience to your event.

Our emphasis is on providing personalised attention, and our meeting packages offer overnight accommodation combinations if required.
